A LETTER FROM THE PRINCIPAL. . .

Dear 6th Graders,

Congratulations to each of you! You've made it and now you're on to the middle school level. You have accomplished one of the most important milestones of your young lives.

In some ways many of you may think how quickly the years a Nicholson have gone, yet from another point of view it may seem like a very long educational process. Your years at Nicholson have consisted of a sequence of skills being developed as well as setting goals and working towards them. For those of you that have attended Nicholson for the past several years I hope you have many fond memories. For many of you Nicholson was the place where you learned to read, to count, to add, to divide, to solve an equation, to write the letters of the alphabet, to write a sentence, to write a paragraph, to write an essay, or discovered in what state, country, and continent you reside. Nicholson was also the place where you found out about such things as: plants, insects, liquids and solids, the human body, electricity, food, nutrition, the earth, and your environment. I hope making mention of these different topics helps you realize just how much you have learned while at Nicholson as well as reminding each of you how much your teachers have taught you.

The entire Nicholson staff wishes you the very best in your future and hopes that your education from Nicholson Elementary School serves as a strong foundation for your continued life long learning.

Best Wishes,

Rick Thompson

Mr. Thompson
"Mr. T"

P.S. Always remember that Nicholson Eagles rise to the top!

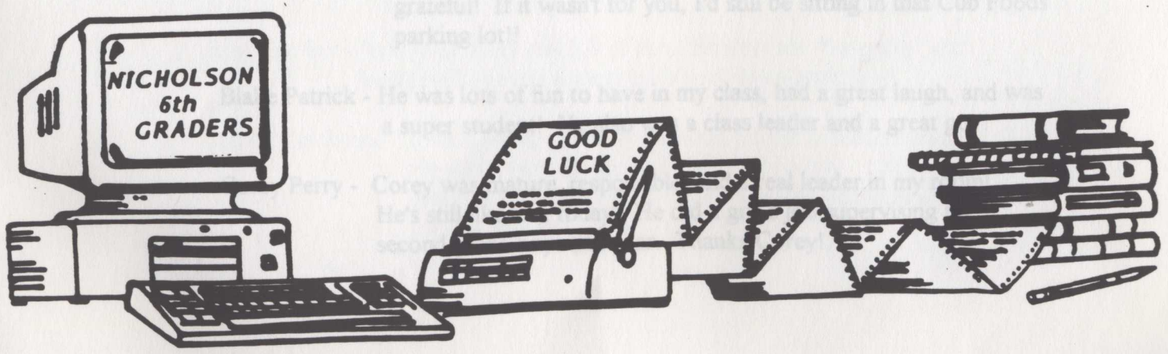
Love and Hugs,
Mrs. Biegel + Miss Woods



Miss Shield's
Second Grade Memories

Meaghan Bermes - Meaghan was in my Social Studies class, but I wish I'd had her all day. She was full of energy. I loved her Girl Scout cookies! She and her Mom always share their pets with me.

Danielle Bowe - Danielle still comes down for visits and chats. What a lovely lady! I wish that I'd had her for more than just Social Studies. Danielle is a wonderful helper and friend.

Heather Brown - I loved Heather. She has neat, enthusiastic parents too!

Taurean Buck - I always enjoyed watching Taurean play baseball. He was always full of loving ways and funny tricks. He still likes to stop by for some laughs, some teasing, and a lolly.

David Cardoza - If it was lost, David could find it. No task was ever too difficult for David.

Erik Hall - Erik's idea's were always interesting and creative. Erik was a super student and a neat, careful worker. He had the best printing in second grade. I always wished I could print as well as he did.

Kelly Jorgenson - I learned a lot from Kelly! Kelly was extremely smart, enthusiastic, and involved.

Matthew Maurer - What a fantastic student Matt was. I still have a musical box that he gave me. Everytime we play it, I think of him.

Brooke Moody - I adored having Brooke in my class! She was lots of fun, and a fantastic student! One of the highlights of her year was with the birth of her little sister Ronda.

Larry Murray - I had Larry for Social Studies. He's my hero! A couple of years ago, on a wet rainy day, he and a cousin came to my rescue in the Cub Foods parking lot. They "jump started" my car battery after I had left the lights on (oops!). Thanks Larry!! I'll be forever grateful! If it wasn't for you, I'd still be sitting in that Cub Foods parking lot!!

Blake Patrick - He was lots of fun to have in my class, had a great laugh, and was a super student! He also was a class leader and a great guy!

Corey Perry - Corey was mature, responsible, and a real leader in my room! He's still like that today! He did a good job supervising the second grade boys this year. Thanks Corey!

Jacob Pessina - Jacob is just as nice and kind as he was in second grade! His smile could melt your heart! Jacob has come to my rescue during Market Day! Thanks Jacob!

Kristin Plata - Kristin was only in my Social Studies class, but she was a joy! She gave the best hugs in second grade!

Ricky Rodriguez - Unfortunately, I didn't have Ricky. I do enjoy his friendly visits. He often pops in with lost and found stuff, and leaves with us laughing, and with a lolly.

Shamelia Shaw - When Shamelia smiled, our room was a better place! Shamelia was like a ray of sunshine in my classroom! She worked hard and was helpful and sweet to all!

Courtney Thomas - Courtney had the face of an angel and the disposition to go with it too! This cute little pixie was not only smart, hard working, but had the long dark hair that everyone wished they had!

Jennifer Coy - Bubbley and happy Jennifer always had a kind work and a smile for everyone when she was in my room. A real sweetie. She was a good little organizer and efficient at carrying out directions.

Sarah Herron - I had Sarah for Social Studies in second grade. Her hand was always up, and she always had something interesting to contribute.

Jason Peura - Jason had a special sense of humor in second grade. He had a fantastic memory for famous events and people in Social Studies. He never forgot what he learned.

Justin Pittard - Justin used to help me after school a lot. He was a good student, and good company. I always enjoy chatting with Justin when I'm on bus duty and he's crossing the driveway to go home.

Ryan Shriber - Ryan was lively and full of pep. He kept me "Hopping" and laughing Ryan has a great smile and was a great guy!

Joshua Zambrano - Joshua wrote the most fantastic stories in second grade. He was a very talented second grade writer. I hope he'll give me his autograph someday when he becomes a famous author.

Unfortunately I wasn't able to have any of these sixth graders in my class. They went to fourth grade the year I went to third grade.

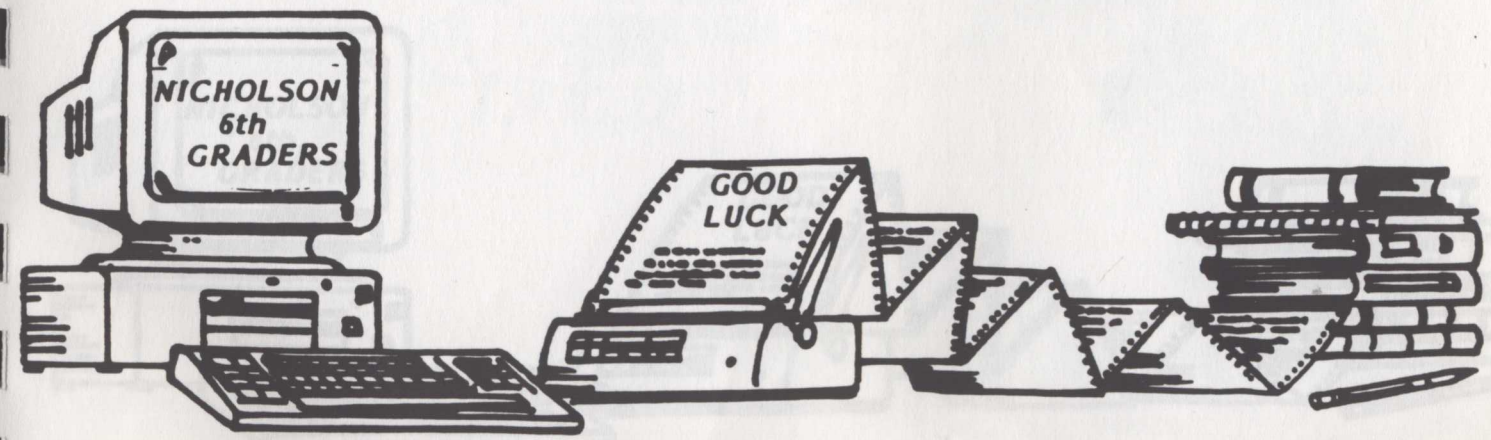
I have however, worked with these fine students as they performed their patrol responsibilities around the school and at the detention room. I find them to be a well-behaved capable, and dependable group. I wish them luck as they move to Washington Middle School.

Sincerely,
Mrs. Shea

from: Miss Casmaras

The sixth grade class was one of a kind.
Fond memories sure do come to mind.
Outdoor Ed. laughs of tubing kill fun
And volcano building - Olympus Mons won!
Good luck from me to all of you
I'll miss your smiles at Nicholson School!

Miss Casmaras

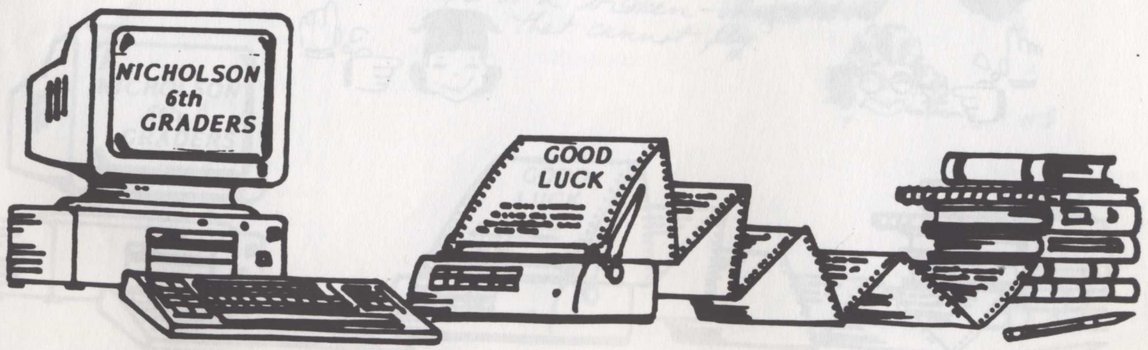


What a great time we had in 6th grade. We had reading Logs and AR. Our AR field trips were trips with all books followed by reptiles and Courtney. Mr. Evans loved to toast everyone about anything. We had field trips to Blackberry Farms & and to Paramount Theater. Jackpots were a great spring treat. Didn't Mr. B tell of all of his ? twice? Palco came for a great science Fun assembly and who was it that almost fell off that spinning bicycle wheel? Our early morning Breakfast Club had many wonderful participants. We got so much done at 7:30 A.M.!

What a great Christmas musical we had. Santa and all the helpers made the show very memorable.

You were a wonderful class. Each one of you has a very special place in my heart. Good luck!

Mrs. O'Brien



To this years 6th graders:

Some ending thoughts to ponder...

"Whether you think you can or think you can't - you are right."
- Henry Ford

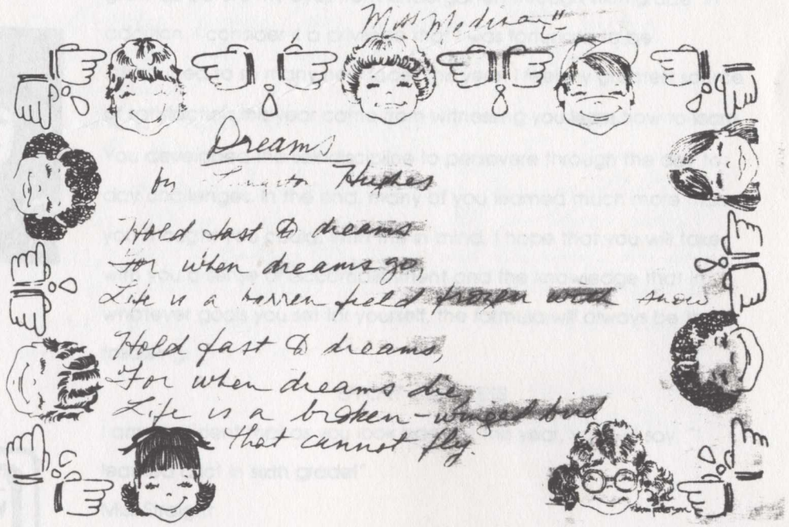
"I do the very best I know how - the very best I can; and I mean to keep on doing so until the end."
- Abraham Lincoln

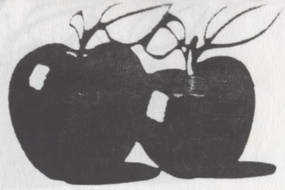
"Make the most of yourself, for that is all there is of you."
- Ralph Waldo Emerson

Aspire that... success.

Mrs. Butcher

Matt Medina





Dear 6th Graders,

I'll always remember the wonderful job you did on all the musicals through the last six years.

Best wishes on your future years in middle school, high school, college and beyond. I know I'll hear good things about you for years to come —

Mrs. Redowicz

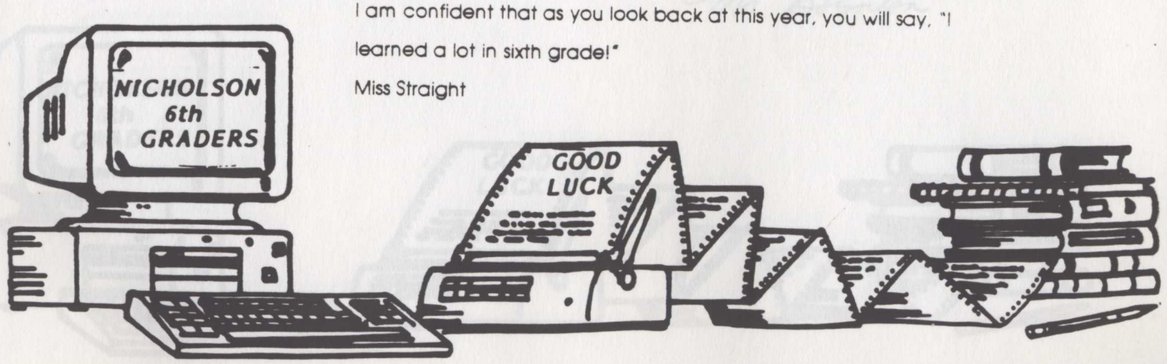
Class of 95-96

I enjoyed getting to know so many students that I had seen literally grow up before my eyes from kindergarten through sixth grade. In addition, I consider it a privilege that I was fortunate to be introduced to so many new faces this year. I feel my greatest source of satisfaction this year came from witnessing you **learn** how to **learn**. You developed the self-discipline to persevere through the day to day challenges. In the end, many of you learned much more than you thought you could. With this in mind, I hope that you will take with you a sense of accomplishment and the knowledge that in whatever goals you set for yourself, the formula will always be the following:

EFFORT = SUCCESS

I am confident that as you look back at this year, you will say, "I learned a lot in sixth grade!"

Miss Straight



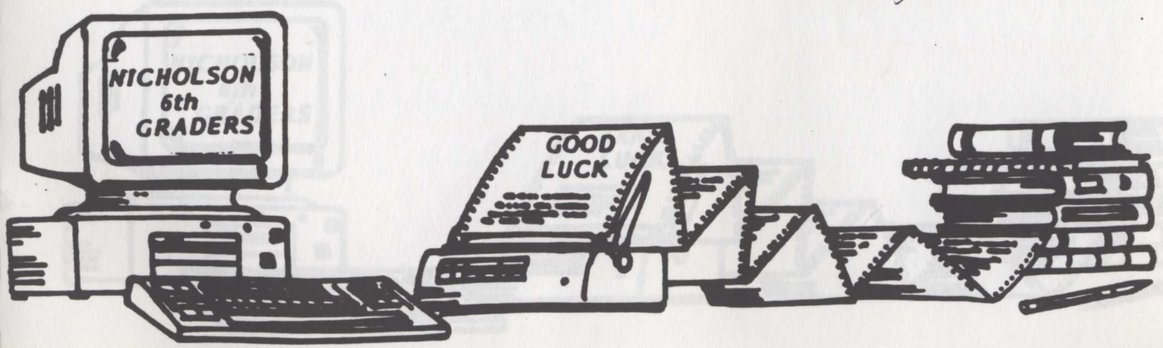
Class of 95-96

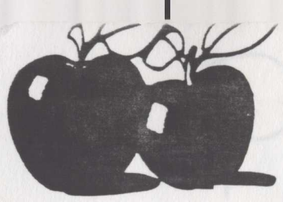
The thing I remember most is thinking over the summer of how good it was going to be to have 24 students in the fall.
WRONG!! Upon returning in the fall, I discover eight new more ins. I had to rearrange my room. Eventually everything ended up fine, but I was really shocked to see so many on my class list.

I wont recall the students individually but as a group I would say they were needy, smart, funny, got my jokes (as bad as they were), and for the most part very well mannered.

This will be the group I remember most, because they are <u>not</u> leaving me behind. I am being "promoted" with them, or I am to follow this group to Washington Middle School. So, this is a bittersweet class for me. Happiness and sadness will come to mind when I think of this class.

See ya next year,
Mrs Boynton





Thank You !!

Dear Class of 2002,

Thank you for all the memories you've given me. Thank you for sharing a part of your lives with me. Many of you I've only known for a short time and others for years, whether you were my speech students, math students, conflict managers, or just stopped by my office to say "Hi" and talk for a while. I've enjoyed our time together and have many hopes for you. I have learned many things from you and hope that you have learned from me.

I know that you will come back and visit occasionally and I look forward to it. I always read the Washington Newsletter, the West High Newsletter, and The Beacon News to watch for the accomplishments of our former Nicholson students. I am sure I will be reading about you for many years to come. Much love and luck to you.

Mrs. Hamper
